

End of Term 2, 2019

Today is the end of Term 2 and the completion for Semester 1, 2019. It has been a significant first half of the year for the school. The opening of the Woodlea campus in February has been a key milestone for BMG now operating across two separate formal school campuses. The Staughton Vale Farm campus has been utilised a great deal more this year and has given staff and students the opportunity to learn, grow and participate in events such as the House Cross Country in a safe and natural environment.

In Semester 2 (*Terms 3 and 4*) there are a number of Performing Arts and Music events including the Maddingley Campus Middle School Production, Woodlea Campus Production and BMG in Concert which will showcase a large number of students. BMG in concert also provides valuable performance opportunity for VCE students leading up to their examinations.

In Term 4 the school will host formal celebration evenings for:

Year 12 Valedictory Dinner - Thursday 10 October at Marvel Stadium

Year 10 Presentation Dinner – Friday 25 October at Flemington Racecourse

Year 6 Graduations - Woodlea Campus Monday 2 December and Maddingley Campus Tuesday 3 December. Both will be held at Lakeside Banquet & Convention Centre in Taylors Lakes. More information regarding these events will be distributed to relevant families in Terms 3 and 4. We wish everyone a restful mid-year break.

Mr Kevin Richardson – Acting Principal

End of Term Arrangements

Friday 21 June is last day of Term 2. The finishing times for students are regular school times:

3.05pm for Prep Reception to Year 6 students and 3.10pm for Year 7 to 12 students.

As this is the regular finish time for students there will be NO changes to bus services.

School Holiday Office Hours Maddingley Campus

Monday 24 June to Friday 30 June - 8.30am to 4.30pm

Monday 1 July to Friday 5 July – School Closed

Monday 8 July to Friday 12 July - 9.30am to 3.30pm

Please note the Woodlea Campus Office is closed from Monday 24 June to Friday 12 July

Commencement of Term 3

Term 3 2019 commences for students on Tuesday 16 July 2019.

Students will commence Term 3 in Week 1 of the School Timetable.

Indonesian Speaking Competition 2019

On Friday 14 June I was invited to Melbourne University at the Indonesian Awards night for my participation in a State wide Indonesian Speaking competition. I was fortunate enough to receive an award for 2nd place in the Year 10 speaking category.

For the assessment, we had to answer ten rehearsed questions with descriptive answers, present a one minute speech about everyday life and then answer unrehearsed questions about the presentation. I scored 44/50 for my effort which I was very pleased with as I was a little nervous beforehand but also confident with all the practise I had leading up to the day.

I just want to thank Bu Wantania (Mrs Silvy Wantania) for all the encouragement and support as well as the school for providing the opportunity for me to represent Bacchus Marsh Grammar in a language competition.

Zali Ward - Year 10

BMG Equestrian Team

On Saturday 15 June, my horse Banjo and I travelled to Werribee Park National Equestrian Centre for the grand final of the Victorian Equestrian Inter Schools show jumping series. The first round was two-phase and we went clear, but decided to play it safe and didn't try for speed as the grass was wet and slippery but ended up coming 7th.

In the next course we had the Grand Prix. We achieved a clear in the first round but in the second we knocked a rail, however still made it into the jump off with a clear to come out 8th. Overall in the whole series we came 4th out of 30 riders which placed us 4th in the State in our division. It was a great day out with the rest of the BMG team.

ICCES X-Country, Debating and Chess

Congratulations to all athletes who have made the BMG Mustangs ICCES X-Country Team for 2019. The ICCES X-Country will be held on Tuesday 30 July at Bundoora Park, Melbourne. Events are scheduled to start at 11.40am and will conclude at 2.00pm. Students will travel from BMG departing at 10.00am and return to school at approximately 4.00pm. All students will be given an attendance notice and information about the event in the first week of Term 3.

Goodluck also to the students who have made the ICCES Debating and Chess teams for 2019. These events are being hosted by Bacchus Marsh Grammar at the school and we look forward to hearing about the results both in the Teams and Individual events.

BMG Mustangs AFL to host ICCES Football Carnival on the 16 August

The BMG Mustangs Years 7/8 and 9/10 Boys AFL Football Teams and the Girls Years 7-9 and 10-12 Football Teams will play Braemar College, Girton Grammar and Goulburn Valley Grammar on Wednesday 14 August in our annual ICCES Cup competition. This is the fourth year of competition and it has strengthened and grown to now include four ICCES Schools in the competition. The competition is run in a round robin format with all schools playing each other throughout the day.

Teams are in the process of being selected. Good luck to all coaches and players.

X-Country Gold to Ethan McMinimee

Ethan is a Year 11 student and BMG/WestVic Academy Elite Sports athlete who won gold in the U/18 State School Cross Country Championships on the weekend. He completed the 6km in a stunning 19min 16secs. He will now represent Team Victoria at the National Carnival at the end of August in Wollongong, NSW.

Baseball Success

Fletcher Wilson (Year 6), Devin Leahy and Ethan Brownrigg (both Year 7) recently competed at this year's Little League National Championships that was held in Lismore, NSW, playing for the Little League Twins Charter All-Stars Baseball team.

The Little League National Championships wrapped up on the 10 June. The competition from the other State teams was tough, The Twins team finished 9th overall after losing their first two games to Cronulla who went on to win the gold trophy. Despite their defeat the boys showed enormous resilience throughout the championships and continued to grow to the end with positive spirits.

Congratulations to the boys and we wish them all the best in the future baseball endeavours.

Deakin Inquiring Minds

On Friday 29 March, Year 10 students were introduced to their first phase of the 'Inquiring Minds Program' that has been created in conjunction with Deakin University and The Gordon TAFE. The objectives of the program include: **Developing Career Awareness (Leadership & Employability Skills Development)**

- Students will access exposure to career-specific information in line with tertiary educational offerings
- Students will develop an understanding of the expectations of either TAFE or University
- Students will develop a greater understanding of the skills, educational requirements and industry trends associated with particular occupational and industry fields. (Even if it's not within the student's direct perceived area of interest, it can still help expose students to career awareness) – the 'authentic' experience.

Introductory Critical Research Skill Development

- To encourage individual and critical thought that is supported by evidence
- To provide a framework for developing a research question or business plan structure.
- To invite discussion and collaboration within peer group and amongst industry experts
- To develop written and oral presentation skills.

Connect Learning Goals to BMG requirements

- To help students identify correct future VCE/VCAL program
- To help students understand subject requirements needed for further studies.

From this visit, students have been working on their Masterclass Project or Business Plan Pitch during their leadership weeks in both Terms 1 and 2. Term 3 will see students complete their final presentations to an audience of younger year levels and/or a panel of industry experts. Reflections of the initial tertiary visits have been provided by students involved in the program below.

Alice Wu-Tollis - Careers & Course Counselling: Practitioner

As Year 10 students we have had the incredible opportunity as part of our leadership program to visit Deakin University for the day. We chose the STEM program, in which we participated in a variety of activities in the Science, Technology, Engineering and Mathematics field.

Our lecturer, gave us an interesting insight into her research in engineering and environmental sciences. Then, we experienced a demonstration of Tesla Coils which produce electric sparks in the high voltage room. This was our favourite activity, it was so memorising to watch.

We also learnt about university style assignments and how to conduct research. This information was particularly useful, because now we are conducting our own research in our chosen fields of STEM. We have found this experience valuable in preparing us for our tertiary education in the future.

Ella Noorman and Nahlah Imtiaz

On Friday 29 March the Year 10 students had an experience of a life time. We got to select an area of interest and go to a university or TAFE that corresponded with our selected future careers.

I selected to go to Deakin University, Waterfront Campus to learn about research in nursing. It was an amazing opportunity to gain insight into what university life is like and to have the opportunity to see the amazing facilities that Deakin has to offer for their nursing students.

This opportunity has inspired me for the near future and has been an eye-opening experience to see first-hand what life outside of BMG will be like for me.

Parent Information session: 'From Anxiety to Resilience'

We are very pleased to be offer free to our parents this exciting opportunity to learn from two leaders in the field of mental health and wellbeing.

Michael Grose and Dr Jodi Richardson will be presenting to the BMG parent body on **Monday 15 July at our Maddingley Campus at 6:30pm– 8:30pm in the John Leaver Gymnasium.**

Today, more and more children are affected by anxiety to the point of it impacting on their happiness and quality of life. Although anxiety can be a major problem, it doesn't have to be a lifelong struggle. Research informs us that anxiety left unmanaged in childhood will almost always reoccur in adulthood. Fortunately, there is so much we can do to help kids turn their anxiousness into real, lifelong resilience. Join Michael Grose and Dr Jodi Richardson for a parent presentation 'From Anxiety to Resilience'.

Michael Grose, founder of Parenting Ideas, is one of Australia's leading parenting educators and an award-winning speaker who has been informing and inspiring audiences around Australia, and internationally for more than 20 years. He is a bestselling author of 11 books for parents including Spoonfed Generation, Thriving!, the best-selling Why First Borns Rule the World and Last Borns Want to Change It, and his latest release Anxious Kids: How children can turn their anxiety into resilience which he co-authored with Dr Jodi Richardson. Michael has had parenting segments on The Project, The Today Show, Weekend Sunrise, 3AW, ABC radio and more. He has contributed to Huff Post, Kidspot and Mamma Mia, and is a former columnist with News Ltd and Fairfax newspapers.

Dr Jodi Richardson is a mental health expert who is changing the way parents, teachers and schools think about and cultivate children's mental health and wellbeing. She is the founder and director of Happier on Purpose, the mental health and wellbeing expert for Parenting Ideas and writer for both print and online publications. Jodi has developed her expertise over two decades of professional work in teaching, wellbeing, clinical practice and elite sport, including working for Beyondblue on the national schools-based initiative for the prevention of depression. Recently Jodi has co-authored her first book Anxious Kids: How children can turn their anxiety into resilience with Michael Grose.

In this presentation we:

- explore the origins of anxiety and why we are in the grip of an epidemic
- show a new research-based approach to anxiety
- introduce the tools to develop in kids for self-regulation
- explain the importance of resilience promotion in kids and the critical traits and parenting teaching styles that contributes to resilience
- look at lifestyle factors that minimise anxiety
- show parents and teachers how to respond constructively to children's anxious moments

Seasonal affective disorder: Tips to avoid SAD and beat the winter blues

Adapted from ABC Radio Hobart post By Carol Rääbus, posted 15 July 2017, 7:00am, accessed 17/06/19.

The cold, dark, grey days of winter can be depressing. Seasonal affective disorder (SAD) is the name given to the depressive state some people experience during this time. Dr Milford McArthur, chair of the Tasmanian branch of the Royal Australian and New Zealand College of Psychiatrists, confirmed the lack of light in winter could seriously affect some people's moods.

But did you know there are some things you can try to keep those down days from turning into the winter blues?

1 – Get up with the Sun.

Disruption to sleeping patterns is a key sign of a mood disorder such as depression, Dr McArthur said.

"SAD sometimes is a little atypical from normal depression," he said.

"Sometimes there's a reversal of the more common symptoms; instead of not sleeping well, people tend to oversleep; instead of losing weight, people tend to gain weight.

"We would always tell our patients who have clear mood disorders to try and have a regular sleep/wake routine. It's much better, if you can, to be awake during the day and asleep at night, that's the best thing."

Get outside and into natural sunlight.

2 – Consider Nutrition

There's growing evidence for the idea that our brains and our guts are intimately linked. Healthy eating in general is important. In particular, both omega 3 fatty acids and vitamin D may have benefits for mood.

There is some thought that a diet high in omega 3 fatty acids can alleviate the symptoms of SAD. In addition, low levels of vitamin D have been found to be related to depression.

"I usually suggest to my patients with mood disorders that they do take fish oils, that is the omega 3 fatty acids, and probably vitamin D," Dr McArthur said.

3 - Keep up the Exercise

And while it can be harder to find the motivation in the cold, keeping active with exercise is a good way to help you stay mentally healthy as well.

"Exercise is important," Dr McArthur said, "There is some evidence that exercise is nearly as good as an antidepressant if you're going to treat someone with depression."

To manage the winter blues Dr McArthur suggests "People should be sure to exercise, be up during the day, [get] morning light, and [...get] their fish oils and vitamin D"

And if the winter blues get to be too much, speak to your GP.

Host Families Required

The school is in need of host families for our sister school visitors from Kumamoto who will be arriving next term. The students arrive on Friday 30 July and will leave the BMG community on 8 August. Students will be based at the Maddingley Campus. This is a great opportunity for families and students to get involved with our overseas programs. Host students are not required to study Japanese.

The Japanese students will come to BMG each school each day with Host BMG students and will spend one weekend with you during their homestay.

Host Family Forms are available from the [school website](#). Please complete and return the form by email or mail to school@bmg.vi.edu.au if you can assist.

Senior School Indonesian Study Tour 2019

On Thursday 20 June fifteen students and three staff members, Silvy Wantania, Luke Symes and Georgia Smith, left Victoria's cold winter chill on a study tour to Indonesia. We wish them well for this fabulous opportunity that allows students to experience the culture and put into practice their Indonesian studies.

BMG Visual Art Portrait Competition 2019 - Woodlea Campus

This year Bacchus Marsh Grammar conducted a voluntary portrait competition for students in the Junior and Middle Schools. At Woodlea we were unsure of the response that the competition might receive given that the campus only recently opened. With only a couple of weeks to enter, the staff were delighted to receive many entries from Prep up to Year 6!

The variety of art styles, media and imagination was commendable! It was an extremely difficult competition to judge given the sheer number of entries and the wide variety of works we received. However, the Woodlea Visual Art team, which included our Artist in Residence Ms. Lou Callow, managed to award one prize winner per year level.

Thank-you to all of the students and families who gave effort to this wonderful competition. We found some talented students, who just might be asked if we could have their artwork as a permanent display at Woodlea. What a delight! The students that won the 2019 Portrait Competition receive a prize of art supplies from our main art supplier Zart Art. We would like to thank them for donating the prizes and supplying us with the materials to create our masterpieces. Congratulations to the winning students.

House Music, Years 1 to 6 - Maddingley

On Monday the 17 June, select students from Years 1 to 6 participated in our annual House Music event in Wilson Hall. The all-day event served to showcase the many talents of our students at BMG with parents and families invited to attend. Opportunities, such as these, are invaluable for emerging musicians as they provide both a practice goal and the experience of performing in an authentic setting. Each year, I am thoroughly impressed with the number of students performing and the quality of their performances and this year was no exception.

A huge thank you to the Music Department for their assistance in preparing and coordinating the event, to our student performers who braved their peers and courageously performed, to the classroom teachers for their assistance and support throughout the day and to the parents, family members and friends who attended the event.

Please remember that we have a number of exciting performances in Term 3 so please keep an eye on the newsletter for more information.

Senior Instrumental Concert Series

The 2019 Senior Instrumental Concert Series is scheduled to take place on Tuesday 23 and Wednesday 24 July (Week 2, Term 3) and will feature performances from Senior School instrumental music students and ensembles. The event will commence at 3:30pm in Wilson Hall and will conclude by 5:00pm, parents and families are welcome to attend. Students requiring the late bus will need to ensure that they have signed up prior. Any students who wish to perform and are not on the program will need to make contact with their instrumental teacher as a matter of urgency.

For information regarding ensemble performances and dates, please see below.

Lost Property

Please check that all items of student's clothing are clearly named: in doing so, items mislaid and taken to lost property will quickly be returned via class/tutor group teachers to their owners.

Un-named property will not readily be released to students who claim ownership. Please clearly name your child's uniform to protect your investment in its purchase.

Parents and guardians are asked to regularly check their child/ren's uniform to ensure they have not mistakenly taken home another student's property. Any items that may have been mistakenly taken home should be brought to the Main Administration Office for distribution back to the correct family.

National Consistent Collection of Data

Every year Bacchus Marsh Grammar must take part in the National Consistent Collection of Data (NCCD) for Students with a Disability Process.

This process involves all staff collecting data on students with an educational adjustment or disability over a minimum of one term or at least 10 weeks, in the 12 months leading up to the national data collection submission date. This will occur at Bacchus Marsh Grammar during Term 2 and early 3.

The de-identified (no student names are used) data collection process is linked to Federal funding for students and programs linked to disability.

If you would like more information on the collection process please contact **Mrs Meaghan Martin on 5366 4800**.
